

## User Guide For Tic-Tac-Toe

This user guide will provide you with simple instructions on how to play the game.

### Objective:

The objective of Tic-Tac-Toe is to be the first player to form a line of three of your marks (either "X" or "O") horizontally, vertically, or diagonally on the game board.

### Getting Started:

1. Open your web browser and navigate to the provided URL for the Tic-Tac-Toe game.
2. You will see the game board displayed on the screen
3. Decide if you are either joining a session or creating a session, if hosting generate a code if joining type in the code the host generated.

### Playing the Game

1. The first player ("X") takes their turn by clicking on any empty cell on the game board.
2. The second player("O") then takes their turn by clicking on another empty cell
3. Players continue taking turns, playing their marks either ("X" or "O") in empty cells until one player forms a line of three marks or all cells of the board is filled.

### Winning the Game

- If a player successfully forms a line of three their marks horizontally, vertically, or diagonally they win the game
- If all cells on the board are filled and no player has formed a line of three marks, the game ends in a draw

### Game Controls

- Click on an empty cell on the game board to place your mark ("X" or "O")
- If it's not your turn wait for the other player to make their move
